## LANDSCAPE DESIGN

THE PERFECT OUTDOOR AREA

### SUMMER

## Monthly-Do's

### Color Spot

**Autumn Sage** is a popular, usually evergreen sub-shrub growing natively in rocky soils in Central Texas. It has small, dull pale green, glandular, aromatic leaves. It is drought and high heat tolerant. It grows about 3 feet tall by 3 feet wide. A Native Texas Superstar!!!

### Sprinkler Repair

**Sprinkler Audit** for only \$75 we will come out and inspect your entire system and make watering recommendations.

### Fertilization

#### Lawn Summer Fertilization

The biggest defense against weeds is a thick healthy grass.

The best way to get this is through lawn fertilizer which provides important nutrients to the grass.

### Chinch Bugs

**Chinch Bugs** are the most noted insect pest to St. Augustine grass. They strike when it is extremely hot and suck the juice out of the blade of grass resulting in irregular brown patches.

### OLD STYLE CHARM OF PAVERS AND COBBLESTONES !!

Stone walkway designs have been used for hundreds of years to add charm, class, and beauty to some of the world's finest homes. You can create the same classic look by choosing from a variety of pavers' attractive colors and patterns to complement your home's architecture and individual style. Adding pavestone walkways to your front landscape is a surefire way to improve your home's curb appeal and increase its overall value quickly and affordably. Whether you're preparing your home for sale or settling in for the next 25 years, our paver walkways can dramatically transform your home's exterior to make it the star of the neighborhood.

Experience the enduring value and long lasting beauty of interlocking paving

stones and allow Pavers to redefine your idea of outdoor living. Each driveway, walkway, patio, and pool deck design is uniquely customized to fit the personal style and preferences of the homeowner. Whether you are inspired by the Mediterranean, Spanish, Contemporary or Traditional style, you can select from endless array of colors, patterns, and concepts to find your ideal transformation.

Drip Irrigation can save your foundation in extreme droughts. When foundations get to dry they crack and can cause damage to your house. A drip irrigation around the foundation of your house can prevent this!!

## RECIPE OF THE MONTH - ENJOY!!!

### Lemon Cake

Original recipe makes  
1 - 10x15 inch pan

- 1 (18.25 ounce) package lemon cake mix
- 1 (3.4 ounce) package instant lemon pudding mix
- 1 3/4 cups water (can replace with some lemon juice)
- 3 egg whites
- 3/4 cup nonfat milk
- 1/2 teaspoon lemon extract
- 1 (1 ounce) package instant sugar-free vanilla pudding mix

- 1 (8 ounce) container frozen light whipped topping, thawed
1. Preheat oven to 350 degrees F (175 degrees C). Spray a 10x15 inch pan with non-stick cooking spray.
  2. In a large bowl, mix together cake mix and pudding mix. Pour in water and egg whites. Beat on low speed for 1 minute. Increase speed to high and beat for 4 minutes. Pour batter into prepared 10x15 inch pan.
  3. Bake in the preheated oven for 25 to 30 minutes, or until a toothpick inserted into the center of the cake comes out clean. Allow to cool completely.
  4. In a large bowl, combine milk, lemon extract and vanilla pudding mix. Beat on low for 2 minutes. Fold in whipped topping. Spread over cooled cake. Store cake in refrigerator.
